

FOR IMMEDIATE RELEASE

**LEGGETT & PLATT HONORED BY GENERAL MOTORS
AS A SUPPLIER OF THE YEAR**

Troy, Mich., U.S. – June 5, 2019 – Leggett & Platt Automotive received a Supplier of the Year Award from General Motors and was recognized for exceeding GM's stringent requirements, enabling them to provide customers with the most innovative technologies and quality vehicles. Leggett & Platt Automotive supplies cable control systems to General Motors for interior and body applications, including releases for the hood and door latch.

“General Motors is a longtime customer and partner, and we’re very pleased to be recognized as one of their top-quality suppliers,” said Steve Henderson, president, Leggett & Platt Automotive. “Our cable systems are designed and tested in-house and engineered to meet global customer performance requirements for functionality and durability in addition to regulatory requirements. We produce cables in strategically located facilities around the world to conveniently serve our many customer manufacturing sites.”

“We hold our suppliers to a high bar,” said Steve Kiefer, GM senior vice president, Global Purchasing and Supply Chain. “They went above and beyond to deliver the innovations and quality that will help us earn customers for life.”

The 27th Supplier of the Year awards ceremony recognized 133 top suppliers from 15 countries. Winners were chosen by a global team of GM purchasing, engineering, quality, manufacturing and logistics executives. Winners were selected based on performance criteria in product purchasing, global purchasing and manufacturing services, customer care and aftersales, and logistics.
